“Time and money saving resource articles that every bride must read”.

Dear Editor,

I have found in my years of wedding consulting that many brides beginning their planning process are unaware of their floral options; I am on a quest to make their planning as simple and fun as possible.

Please consider “Schemes, Themes & Wedding Dreams”, “Flower Power Savings” and “Flowers at a Glance” for a future issue of your magazine or e-zine as I am sure your readers will find the information extremely useful.

I have also included pictures of some of my most popular silk floral designs; please feel free to publish any of these works. Do not hesitate to contact me to request physical samples, digital photos or additional information on any of these works.

Thank you for the opportunity to contribute to your publication.

Best regards,

Kristi Richardson, PBC™
